**Subject:** Abington WER

Hey Tom,

Our permits staff is reviewing the Abington NPDES permit, and they flagged the WER. I explained that it was part of the group WER which we reviewed back in 1999/2000, but it seems that the SE Regional Office have required Abington to do another WER. Are you aware of this, and would you prefer they use the BLM?

Let me know if you have any guidance for me on this.

Thanks,

Denise
